

# Tylö steam shower Impression.

## New control panel and shower.

Tylö steam showers Impression are homespa-revolutions which can fit even in the small bathroom. Tylö steam showers Impression i110/c, i130, i170 and i210s are now updated with more refined details. The old control panel is replaced with the new and stylish control panel h1, which you can easily control via touchcontrol. The shower head is replaced by a new and effective shower head. These are two changes that make it more beautiful, easier and more efficient for you who like steam showers. All new orders will be delivered according to the new design
